Wireless Printing: <http://print.sulc.edu>

The screenshot shows a Microsoft Internet Explorer browser window titled "Uniprint - Microsoft Internet Explorer". The address bar displays "http://print.sulc.edu/". The main content area features a banner for "Pharos Uniprint 7.0" with navigation links for "Home", "Packages", and "Maps". Below the banner, a "Status Summary" section indicates the page was accessed on "Tuesday, August 15, 2006 4:02:49 PM". The summary text reads: "Welcome to the Uniprint Home page. You can use this Web site to install the software required to print using the Uniprint system. Click [here](#) if you know which software package you need to install. Click [here](#) if you would like to browse for the software you need based on your location." At the bottom of the summary, there are two rows of links: "Packages" with "2 Packages" and "Maps" with "2 Maps". The browser's status bar at the bottom shows "Done" and "Internet".

### Wireless Printing

The screenshot shows a web application interface for 'Pharos Uniprint 7.0'. The page has a navigation menu with 'Home', 'Packages', and 'Maps'. A 'File Download - Security Warning' dialog box is open in the foreground, asking 'Do you want to run or save this file?'. The dialog box provides the following information:

- Name: WirelessPrinting\_Lte.exe
- Type: Application, 471 KB
- From: sulc-data

Buttons for 'Run', 'Save', and 'Cancel' are visible. A mouse cursor is pointing at the 'Run' button. Below the buttons, a warning icon and text state: 'While files from the Internet can be useful, this file type can potentially harm your computer. If you do not trust the source, do not run or save this software. [What's the risk?](#)'

In the background, a table lists packages. The 'Wireless Printing' package is highlighted. The table has columns for 'Name' and 'Size'.

Name	Size
Wireless Printing	471.12 KB
