

Asset Building Initiative

Dreaming of Owning a Home, Going Back to School or Starting a Business?

Make your dreams a reality through the Individual Development Accounts Program.

IDA programs are partnering with Volunteer Income Tax Assistance (VITA) and Earned Income Tax Credit (EITC) programs to assist in purchasing a first home, returning to school or starting a business.

How does the program work?

- VITA will prepare your taxes free of charge
- EITC will help you to get the maximum from your tax return
- Your tax return will give you the funds needed to open an Individual Development Account (IDA)
- IDA will match your savings helping you save funds to further your education, purchase a home or start a business
