| | Origination Date: Before 2019 |

I. Policy Purpose

The purpose of this policy is to inform Southern University Law Center (SULC) faculty and students of the process to enroll in courses at other institutions.

II. Policy Scope

This policy applies to students.

III. Policy Compliance

Failure to abide by this policy will result in a student not earning credit for work performed at another law school.

IV. Policy Definitions

A Study Abroad program is defined, in this policy, as an academic program of an ABA accredited law school where course work is completed at a foreign law school, but the course work appears on the transcript of the participating student as course work completed at the ABA accredited law school.

V. Policy and Applicable Procedures

A. Students Visiting Other Schools

1. A student may receive a maximum of 16 credit hours for coursework completed at another law school as a visiting student.
2. To be eligible to take a course at another ABA accredited law school, a student must have completed 24 credit hours at SULC and be in good standing. A student will not receive credit for visiting another law school on any dates that coincide, in whole or in part, with an SULC academic semester or session in which the student is otherwise enrolled.
3. An SULC student will not receive credit for academic work completed at another law school which takes place in between academic terms.
4. An SULC student will not receive academic credit for an accelerated academic session that does not comply with the minimal requirements under ABA Standard 310(b).
5. A student who wishes to enroll at another law school shall complete an application to visit another law school in a form prescribed by the Vice Chancellor of Academic Affairs no fewer than four weeks prior to the commencement of the pertinent Academic Session. No credit will be given for any coursework completed at another school without the prior approval of the Vice Chancellor for Academic Affairs. Students should be forewarned that while some courses of study may meet the academic quality and integrity standards of SULC, there may be others that fall below the standards of this institution and will not be approved. The Law Center's previous approval of a student's participation in a course is not an assurance that the Law Center will continue to approve the requested course.

B. Visiting at Foreign Law Schools

1. A student may not receive any academic credit for work completed at a law school outside of the United States.
2. However, if the course work at a law school outside of the United States is being completed in a Study Abroad program of an ABA accredited law school, then the student can receive credit pursuant to the provisions listed in Section V(A) of this policy.

C. Visiting Course Review Process

1. In determining whether to award credit for course work which would be completed at another law school, the Vice Chancellor for Academic Affairs must review the course descriptions and syllabi of courses for which credit is sought and assess the courses to determine if courses are comparable to SULC courses and meet SULC's standards for rigor and quality.
2. Prior to granting credit for a course that will substitute for a required course in SULC's curriculum, the Vice Chancellor for Academic Affairs must consult with SULC professors who teach the required course and confirm that course at the other law school is comparable to SULC's required course.
3. Credit shall not be granted for course work to be performed at any law school, if it is determined that a) the course work to be undertaken would not be credited towards a Juris

Doctor degree, b) the course work would be completed at a foreign law school, or the course work would be in an LL.M or other post-Juris Doctor degree program.

D. Application Deadlines

Students seeking to visit another law school, to include a study abroad program, should submit their applications to the Registrar's Office according to the timeframes listed below:

1. A student who intends to visit in a spring semester must submit their application between September 1st and October 15th immediately preceding the spring semester in which the student intends to visit.
2. A student who intends to visit in a summer session must submit their application between February 1st and March 15th immediately preceding the summer session in which the student intends to visit.
3. A student who intends to visit in a fall semester must submit their application between June 15th and June 30th immediately preceding the fall semester in which the student intends to visit.

VI. Policy Related Information

None.

VII. Policy History and Review Cycle

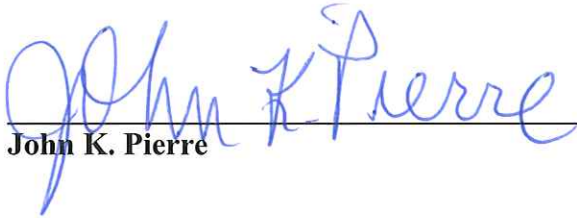

This policy was created and became effective prior to the implementation of the uniform policy format which was implemented in 2019. On June 21, 2021, the policy was put into the uniform policy format, the reference to an application was deleted and replaced with a reference to forms prescribed by the Vice Chancellor for Academic Affairs, and the application process was made explicit for international law schools, but there were no other changes. On April 14, 2023, the policy was updated to include language prohibiting a student from earning credit for intercessory sessions or sessions that do not meet the minimal requirements of ABA Standard 310. The policy was updated, on May 16, 2023, to provide deadlines for the submission of applications to visit other schools. The policy is subject to a five-year policy review cycle and shall be reviewed by the Vice Chancellor for Academic Affairs and any changes will be submitted to the faculty for consideration.

VIII. Publication of Policy

This policy is published at <https://www.sulc.edu/page/sulc-policies>.

IX. Policy Approval

This policy was approved by the faculty on May 16, 2023.
